

**ENERGY EFFICIENT LIGHTING UPGRADES AT NO COST THROUGH THE LIGHTING EXPRESS PROGRAM**

Dear Con Edison Customer:

You may be eligible to receive lighting upgrades at no cost that will increase your home’s energy efficiency and save you money each month. Con Edison is committed to energy efficiency, and is offering customers in specific areas of Westchester the opportunity to participate in Quality Conservation Services’ (QCS) *Lighting Express Program*.

QCS has an agreement with Con Edison to reduce energy use in specific areas of Westchester by replacing inefficient, incandescent light bulbs with *Energy Star® qualified compact fluorescent bulbs*. By participating in this program, you will help Con Edison improve the reliability of electric service in your neighborhood and avoid expensive system upgrades that can increase rates.

This program offers energy efficient lighting upgrades at no cost to eligible residential customers in targeted neighborhoods, including all or parts of the following zip codes in **Bedford, Briarcliff Manor, Mount Kisco, New Castle, North Castle, Ossining and Yorktown**:

<b>10504</b>	<b>10507</b>	<b>10514</b>	<b>10536</b>	<b>10549</b>	<b>10598</b>
<b>10506</b>	<b>10510</b>	<b>10520</b>	<b>10546</b>	<b>10562</b>	

QCS will check whether you live in an eligible neighborhood, and, if you qualify, schedule the installation of your upgrades. **If you are approved for participation, there is no cost to you for the materials or installation provided by QCS.**

Your participation in this program is voluntary. While Con Edison may contact you to verify or inspect the work done by QCS, Con Edison is not a party to any agreements between you and QCS and is not responsible for the specific energy efficient measures, installation or services provided by QCS under the program.

You may be contacted by a QCS Representative or you may request an appointment. Our representative will explain the details of the *Lighting Express Program* and confirm your eligibility to participate. Visit us at [www.qualityconservationservices.com/appt](http://www.qualityconservationservices.com/appt) or call **866.641.6321** today to participate in this limited time offer!

Sincerely,

Melanie B. Gately
